SUBJECT — Lands to be acquired connect the Basavanagudi extension with Bhamarajpet &, Banga

LAST REFERENCE — Letter No. D. 1630 dated 13th May

from the Dy. Comr, Bangalore

In his letter No D. dated the 18th July 1899, Dy. Comr, Bangalore requested sanction to the acquisition of certain portions of the land lying between the Bhamarajpet and the Basavanagudi Extension, in order to provide building sites for Christian and certain other classes and to make the extensions a compact block

further stated that
from the demand for
house sites and the
growing nature of the
extensions, it was very
likely that if the portions
in question were not acquired
by the Government, the
owners thereof would make
fictitious sales at exorbitant
prices which would
cause no little inconvenience
when the lands had to
be acquired in the future.

a declaration under the

publication in the Mysore

report need for further acquisition of lands. He further states that if it be thought necessary to acquire some lands, those lying between the Fort Road and the Puttalam Chetty Road, marked in red pencil in the Sketch * submitted by him, may be bought. They are shown in the Statement marked A. The total area thereof is 294 acres and 24 guntas. The Dy. Comr states that out of this extent 64-36 A. R. P. have already been acquired by Govt and 92 acres - 21 guntas by private persons, some of whom have already raised buildings on sides bought by further states

that deducting 1 acre & 29 guntas which is a valuable garden viz, S. No 28 of the Guttahalli village, the remaining area to be acquired is 135 acres - 18 guntas. He states that this will cost about Rs 10,000-0-0

The point for consideration is whether under the circumstances stated by the Dy. Comr. the 135 acres & 18 guntas of land, should be acquired at a cost of about Rs 10000-

Though considering that there are several sites avail out of the land acquired for the Basavanagudi Extension it may seem unnecessary to acquire the lands between the Western & the Basavanagudi Extensions, it is highly desirable that a notification to the effect that these lands are required for a public purpose should be at once published in order to prevent fictitious sales as reported by the Dr Commr. But as Section 48 of the Land acquisition Regulation allows compensation for damages suffered by the owners in consequence of such a notice whenever the Government withdraws from the acquisition of any land of which possession has not been taken.

Mr H Ramaya will please put up a statt shewing the extent of lands taken up for the Basavangudi extension the compensation paid on them, the expenditure incurred in making out sites, making roads generally making the lands fit for being built for. The expenditure under laying out pipes &c maybe shewn & the estimate's for extending the pipes.

The total number of sites marked in the Extension Bangalore. viz. Superior houses, 200 inferior houses

Dr/Commissioner includes
in the list only such lands

The Secretary to the Govt of Mysore

Sir,

I have the honor to submit, herewith a plan shewing Chamarajendrapet and the new Basavangudi extensions of the Bangalore city, as well as the lands adjoining the latter. The portions marked with double red lines, shew the extent already acquired for the Basavangudi extension, and the portion lying between these and the single red line, shews what is now proposed to be acquired. In the present Basavangudi extension, no provision has been made to assign building sites to Christians and certain other classes. The portion in question, if acquired, will not only supply this want, but also connect the two extensions into a compact block. From the demand of the people

For house sites and the growing nature of the extensions, it appears to be very likely that, if the portion is not now acquired by the Government, the owners will make fictitious sales at exorbitant prices, which will cause no little inconvenience when the lands have to be acquired in the future. For these reasons, I believe it necessary to take steps to acquire these lands and therefore submit a declaration and request that it may be published in the Mysore Gazette. The Dewan has not yet signified his consent to the acquisition of lands lying between the Western extension and the new Basavangudi extension; and his orders are therefore now applied for

2. The plan may be returned when no longer wanted

I have the honor to be
Sir
Your most obedient servant

Dy. Commissioner,
Bangalore District.

Read:—

Letter No 68 dated 18th July 1899, from the Dy. Comr, Bangalore Dt, requesting Sanction to the acquisition of certain parts of the land lying between the Chamarajendrapet and the Basavangudi Extensions, in order to provide building sites to Christians and certain other classes and to ~~connect~~ the two extensions ~~into~~ a compact block and stating that from the demand ~~of the people~~ for house-sites and the growing nature of the extensions, it appears ~~to be~~ very likely that if the portions ~~in question~~ are not now required by the Government, the owners will make fictitious sales &c.

will cause no little inconvenience when the lands have to be acquired in the future.

Order thereon:—

No. 1417 & 15/8
R. 466. 15

In 2

Though, considering that there are several sides available out of the land acquired for the Basavanagudi Extension, it may seem unnecessary to acquire the lands between the Western and the Basavanagudi Extensions, it is highly desirable that notification to the effect that these lands are required for a public purpose should at once published order to prevent seditious sales as ported by the Dep. Comr. Post as Section of the Land Acquisition regulation allows compensation for

damages suffered by the owners in consequence of such a notice, whenever the Govt withdraws from the acquisition of any land, of which possession has not been taken, it would be well if the Deputy Comr includes in the list only such lands as are absolutely required for building and other purposes connected with the Extension*. The Deputy Comr is therefore requested (for the orders of Govt) to submit a revised list of lands proposed to be required ~~from the owners of Government~~

With reference to

the 15th August 1900, calling
for a revised list of the
roads to be acquired to
connect the Basavangudi
Extension with the Chamarajendra Pete of Banga Loe,
I beg to state that, as there
are several sites in both
those extensions not as yet

taken up, there seems
no urgent need for fur-
acquisition of lands; if
however, it be thought neces
to acquire some lands, lying between the Fort Pra
and the Pattania Cut by way
and we are the drawing plan in pencil now
be brought. A statement shew

acquired by Government
92 acres and 21 gunta

are to be acquired & this
will cost about Rs 10,000.
